GUARD**

THE CONSTRUCTION SITE IS SECURE

VIDEO GUARD – **INTELLIGENT VIDEO SURVEILLANCE 24/7**

Thefts, vandalism and the related building delays can often result in costly damages on construction sites. With **VIDEO GUARD** you are placing your trust in a unique and advanced solution for construction site protection.

As an innovative company with powerful partners, we offer a comprehensive package with perfectly intertwined components and processes. Using the latest video technology and internally developed camera towers that work perfectly with our alarm centre, we can secure your construction site round the clock.

100% permanent surveillance

100% insurance protection

100% internal German alarm centre

100% innovative technology made in Germany

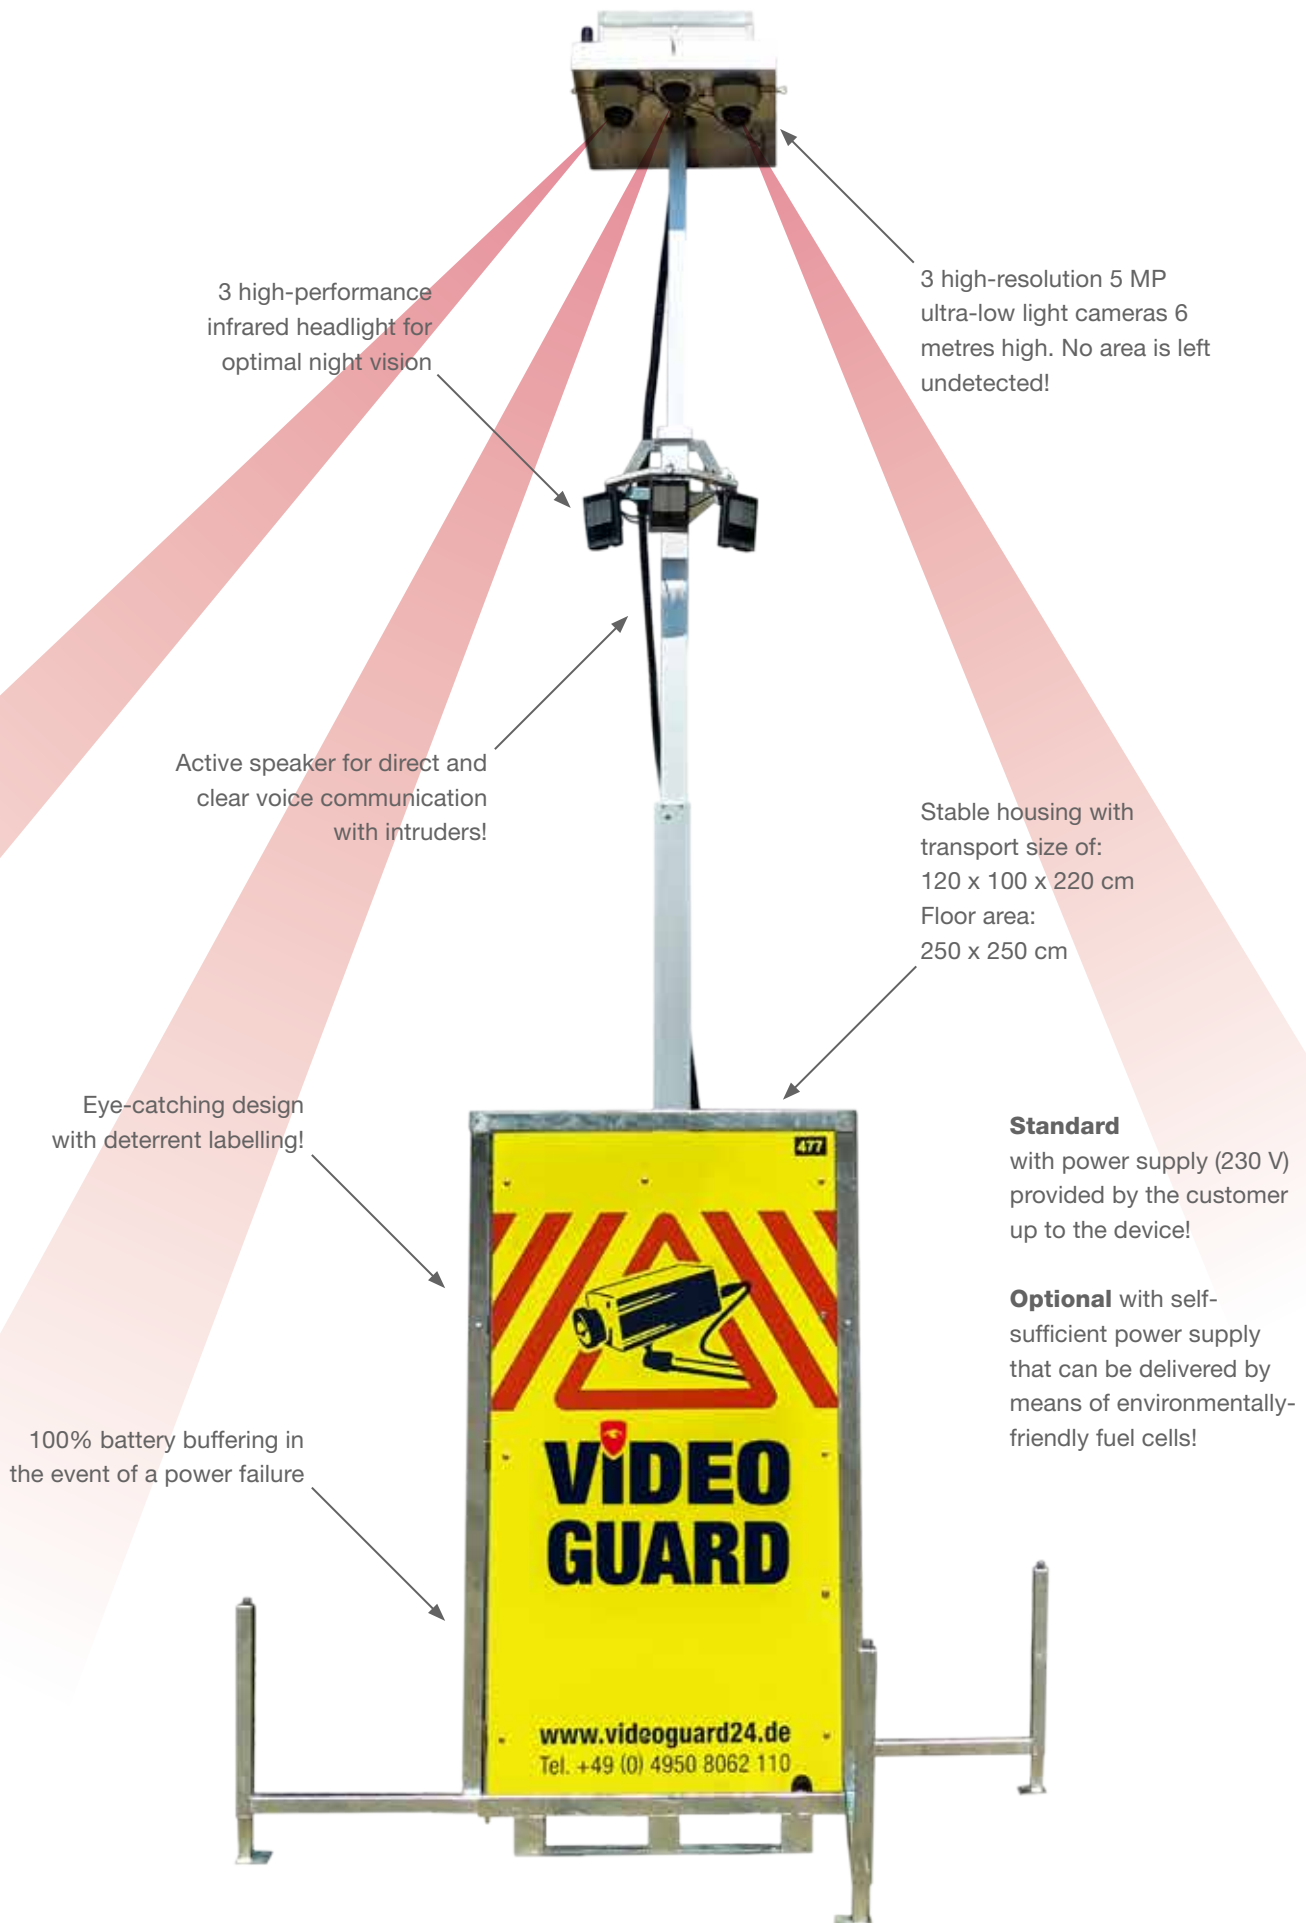

VIDEO GUARD will help you adhere to your handover deadlines and reduce your security costs by up to 85%.

This is guaranteed.

Unique in Germany: 100% Insurance protection

In the event of an extraordinary case of damage, you will receive the 100% insurance protection provided by the exclusive **VIDEO GUARD** comprehensive package.

THE **VIDEO GUARD** GUARANTEE: SEAMLESS SURVEILLANCE AND EFFECTIVE INTERVENTION IN CASE OF EMERGENCY

VIDEO GUARD reaction chain:

- 1** Three ultra low-light cameras combined with three coordinated infrared spotlights ensure sharp vision day and night.
- 2** Motion detection and alarm trigger by mean of rule and vector-based intelligent video analytics as well as guaranteed image transmission to the alarm centre.
- 3** Direct and clear voice communication with intruder using the active speakers and 120 dB acoustic pressure
- 4** Direct notification of the security firm or the police station responsible as well as video-aided control of the intervention forces. The video material is made available for preservation of evidence!

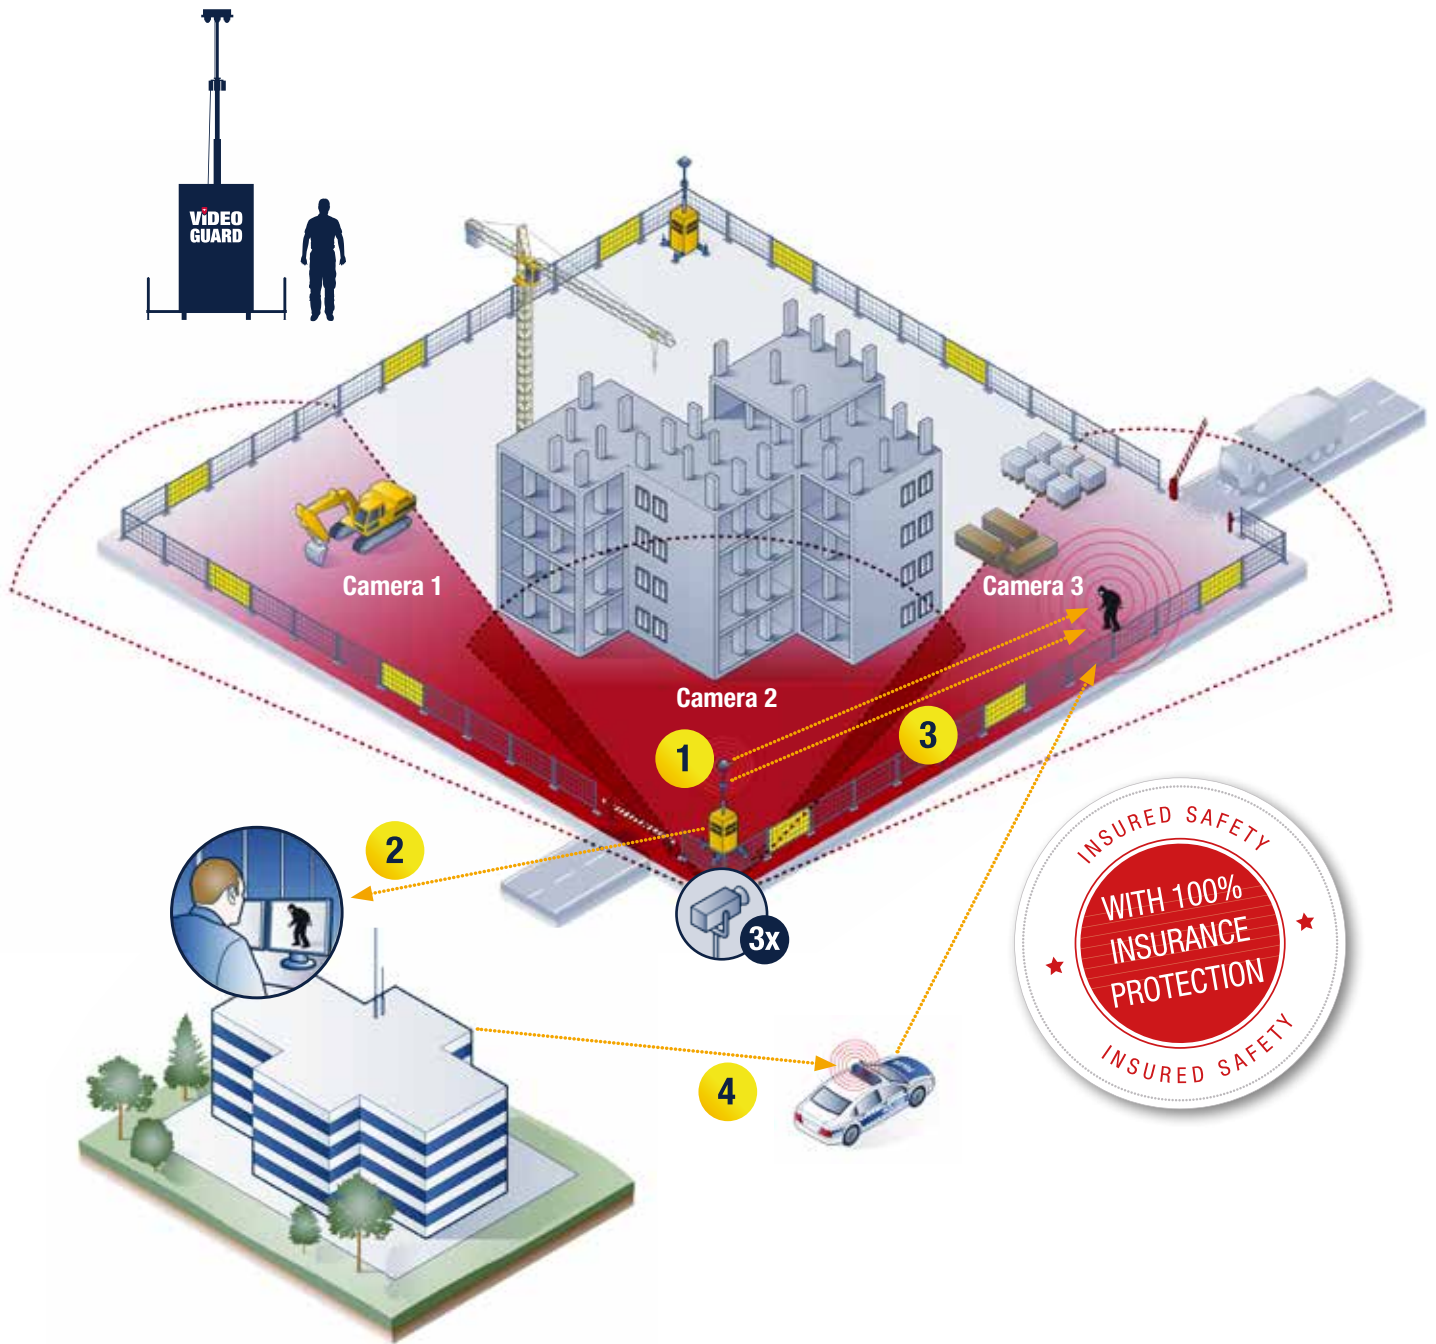

Examples

Intruder detection *by day*

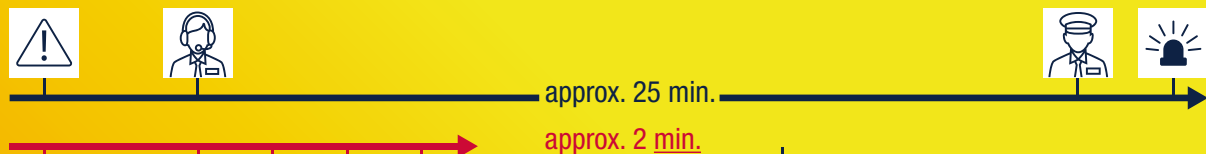

Intruder detection *by night*

CONVENTIONAL ALARM SYSTEM

- Alarm
- Control room
- Personnel alarm pre-check
- Technical alarm pre-check
- Addressing & escape of the intruder

- / Quick delivery and installation by our experienced service team.**
- / Permanent surveillance by 3 high-resolution cameras - without pan breaks.**
- / Secure intruder detection at a distance of up to 80 metres day and night!**
- / No false alarms due to intelligent video analytics, voice communication with intruder and alarm verification by trained personnel in in-house alarm centre.**
- / Direct introduction of interventions by alarm, a security firm or the police!**
- / Reliably data storage documents all incidents in top quality**
- / Safeguarding due to 100% insurance protection**
- / 100% innovative technology made in Germany**

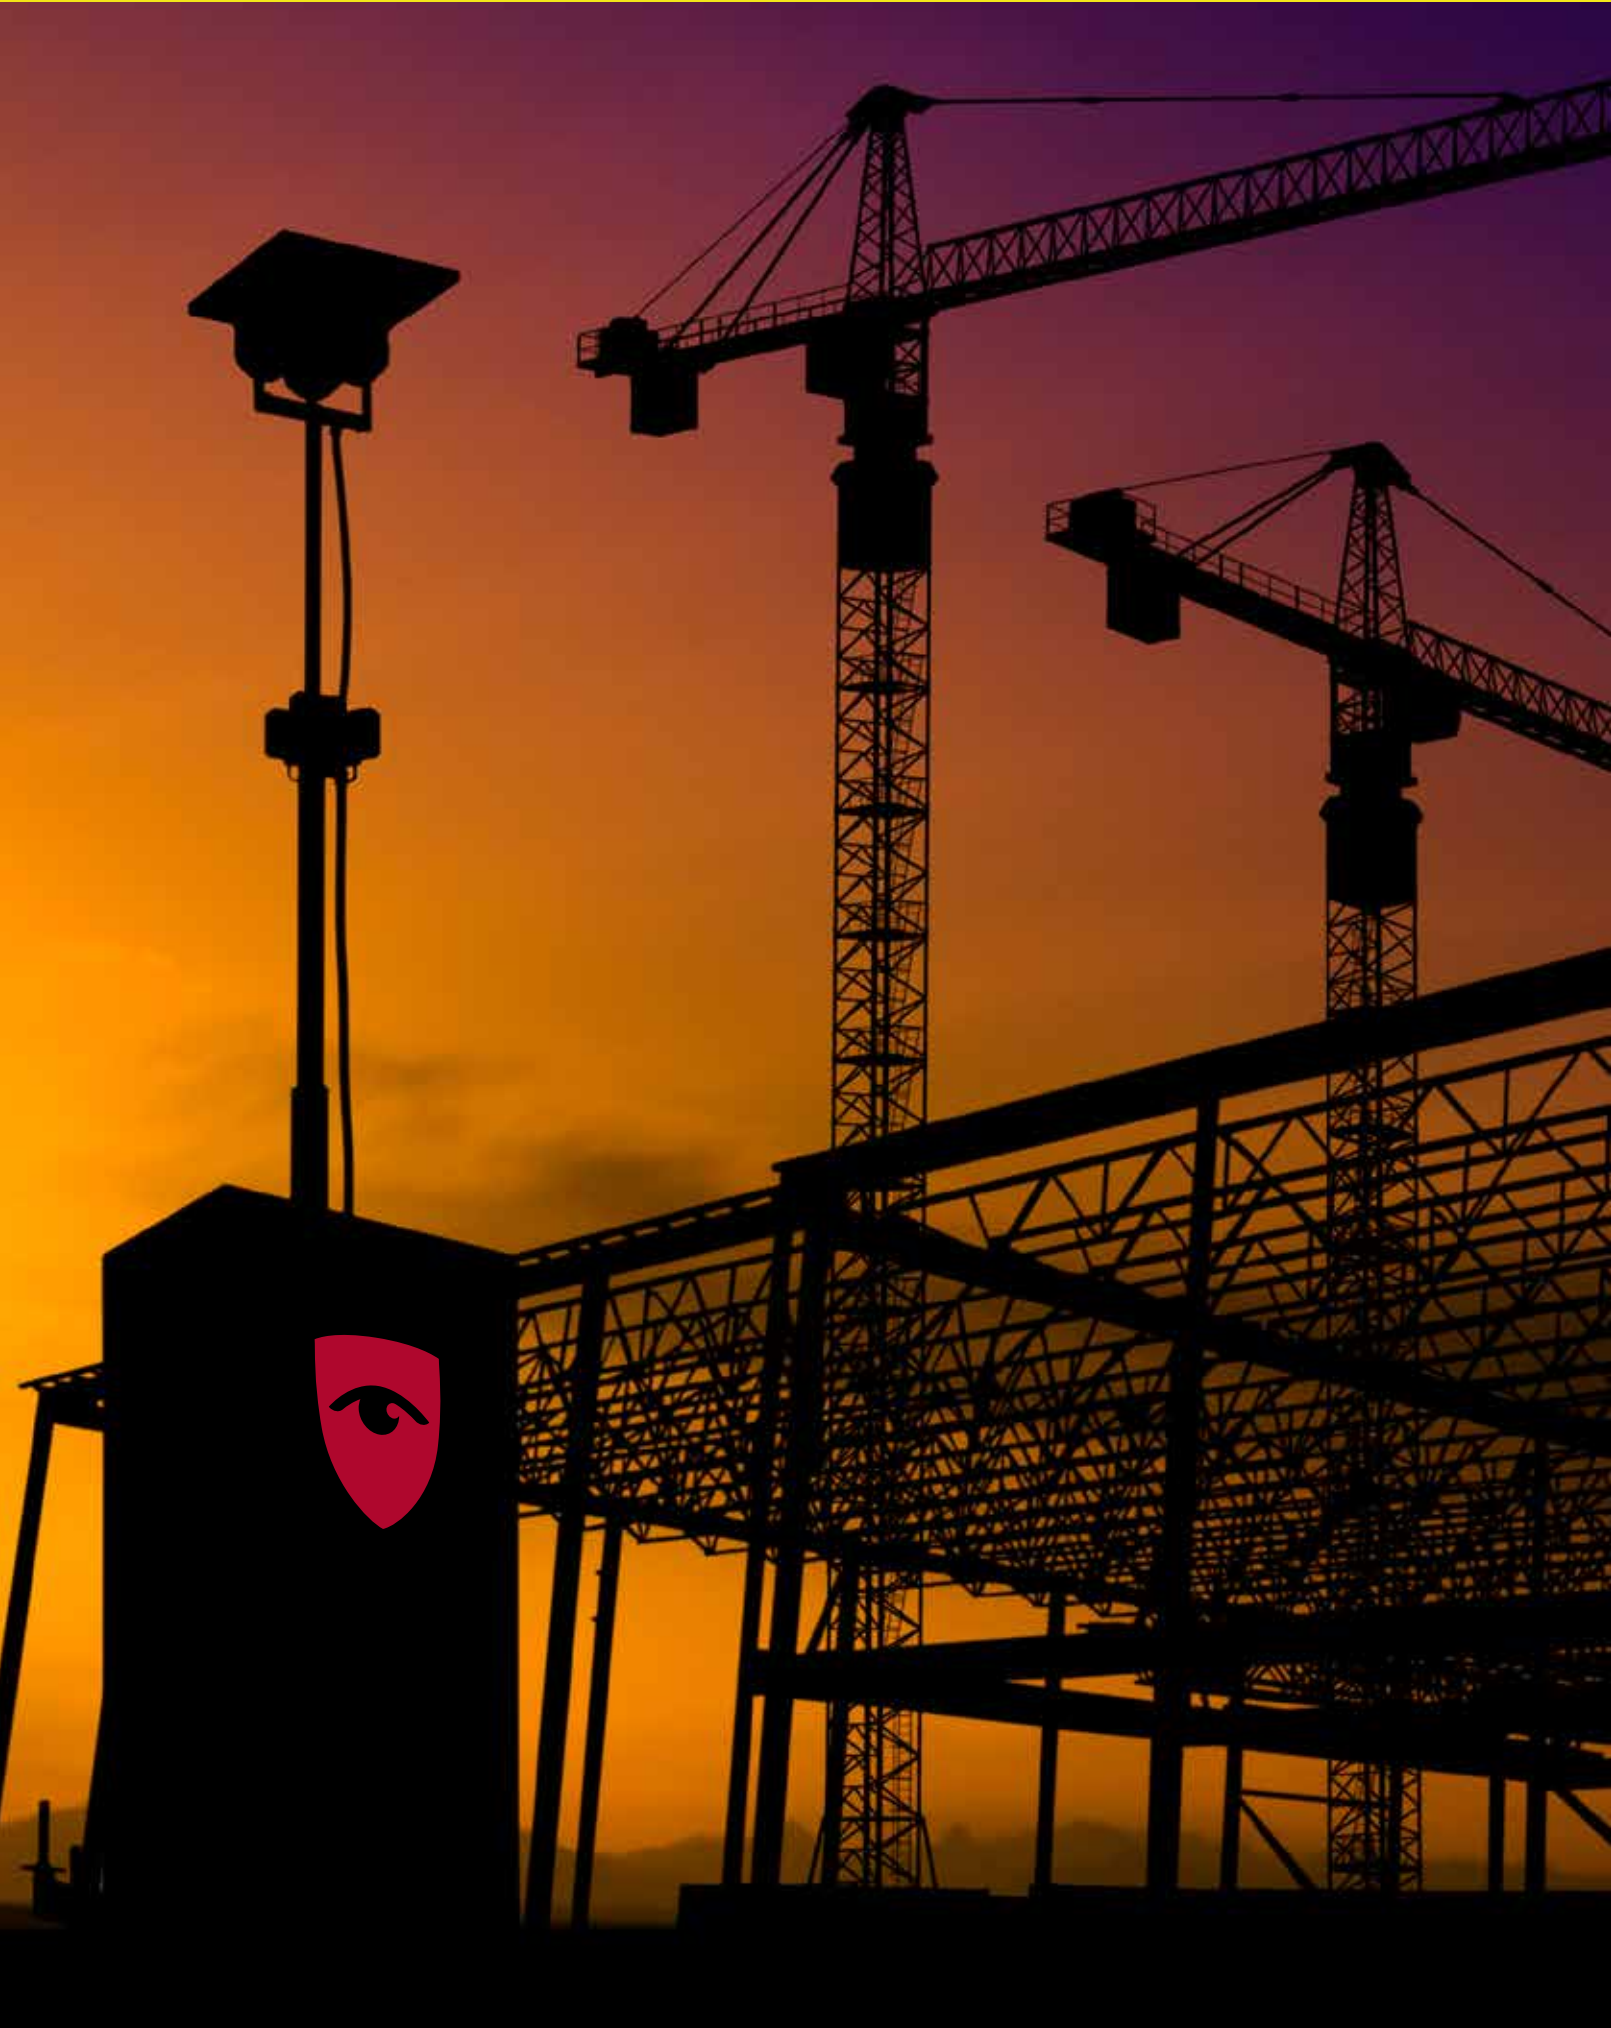

This is guaranteed.

For you, construction site protection with VIDEO GUARD means:

1. No financial losses caused by theft or loss of material
2. No consequential damages caused by unplanned building delays
3. The handover team is as secure as the construction site

VIDEO GUARD
THE CONSTRUCTION SITE IS SECURE

 **VIDEO GUARD –**
**IN THE MORNING YOU CAN START WHERE YOU
LEFT OFF THE NIGHT BEFORE!**

We do not make any compromises when it comes to the quality and reliability of construction site surveillance. For this reason, we also provide customised solutions for your requirements concerning safety on construction sites, e.g. even with our **PHOTO GUARD**.
